Balance Sheet - continued 31 October 2022

The financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

In accordance with Section 444 of the Companies Act 2006, the Income Statement has not been delivered.

The financial statements were approved by the director and authorised for issue on 28 July 2023 and were signed by:

L M Crawford - Director

Grovemoor Properties Limited (Registered number: SC208332)

# Notes to the Financial Statements for the Year Ended 31 October 2022

## 1. STATUTORY INFORMATION

Grovemoor Properties Limited is a private company, limited by shares, registered in Scotland. The company's registered number and registered office address are as below:

Registered number: SC208332

**Registered office:** 22 Pendicle Road

Bearsden Glasgow G61 1DY

The presentation currency of the financial statements is the Pound Sterling  $(\mathfrak{L})$ .

## 2. ACCOUNTING POLICIES

## Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets.

## Significant judgements and estimates

In applying the company's accounting policies, management is required to make judgements (other than those involving estimations) that have a significant impact on the amounts recognised and estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and underlying assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The significant judgement and key source of estimation uncertainty that has a significant effect on the amounts recognised in the financial statements is the valuation of investment properties, which as stated in Note 6, is stated at fair value based on the valuation performed by the director.

### Turnover

Turnover represents rents receivable and outlays recoverable from tenants for the period and the proceeds of sale of trading properties, excluding value added tax.

## Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off the cost less estimated residual value of each asset over its estimated useful life.

Office equipment - 25% on reducing balance

## **Investment property**

Investment properties, which are properties held to earn rentals and/or capital appreciation, are accounted for as follows:

- (a) Initially recognised at cost, which includes the purchase cost and any directly attributable expenditure.
- (b) Revalued annually at each balance sheet date to their fair value where this can be measured reliably. The surplus or deficit arising on revaluation in the financial year is recognised in the income statement for that year. Revaluation gains and losses are accumulated in a non distributable Fair Value Equity Reserve in the Balance Sheet
- (c) No depreciation is provided in respect of Investment Properties.
- (d) No tax is payable on the revaluation gains or losses until such time as there is a disposal of the properties.
- (e) Deferred tax is provided on any revaluation gains at the rate expected to apply when a property is sold.
- (f) Properties are accounted for at the date of legal completion.

# Notes to the Financial Statements - continued for the Year Ended 31 October 2022

## 2. ACCOUNTING POLICIES - continued

#### Financial instruments

The company only has financial assets and financial liabilities of a kind that qualify as basic financial instruments being eash at bank, debtors, prepaid costs, creditors, accrued costs and bank loan. Basic financial instruments are recognised at initial transaction price which is the amount due to be received or paid and are not amortised.

Debtors being monetary amounts due to be received by the company are recognised at the settlement amount due. Prepaid expenses are valued at the amount of expense prepaid at the balance sheet date.

Creditors being amounts due to be paid by the company are recognised at the settlement amount to be paid. Accrued expenses are valued at the costs applicable to the period to the balance sheet date that will be paid after that date.

The bank loan is recognised at the fixed amount to be repaid.

### **Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

### Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date and in respect of revaluation gains on investment properties.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

## 3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 2 (2021 - 2).
