Notes to the Abbreviated Accounts
for the Year Ended 28 February 2013

1. **ACCOUNTING POLICIES**

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of goods, excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery	- 20% on cost
Fixtures and fittings	- 33% on cost
Motor vehicles	- 25% on reducing balance
Computer equipment	- 33% on cost

Investment property

Investment properties are revalued annually. Surpluses or deficits on individual properties are transferred to the investment revaluation reserve, except that a deficit which is expected to be permanent and which is in excess of any previously recognised surplus over cost relating to the same property, or the reversal of such a deficit, is charged (or credited) to the profit and loss account. Depreciation is not provided in respect of freehold investment properties. The director considers that this accounting policy, which represents a departure from the statutory accounting rules, is necessary to provide a true and fair view as required under SSAP 19 Accounting for investment properties. The financial effect of the departure from the statutory accounting rules is shown in the notes to the financial statements.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.
