Notes to the Abbreviated Accounts  
for the Year Ended 31st December 2013

1. **ACCOUNTING POLICIES**

**Accounting convention**

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

**Turnover**

Turnover represents the value of goods and services supplied in the year, excluding value added tax.

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off each asset its estimated useful life.

Improvements to property	- over the period of the lease
Plant and machinery	- 20% on reducing balance and 10% on cost
Fixtures and fittings	- 15% on reducing balance
Computer equipment	- 25% on reducing balance

**Stocks**

Stocks and work in progress are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Cost includes all direct expenditure and an appropriate proportion of fixed and variable overheads.

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Deferred tax is calculated at the rates at which it is estimated the tax will arise. The tax rates are those expected to arise based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. The deferred tax provision is discounted to net present value.

**Hire purchase and leasing commitments**

Assets obtained under hire purchase contracts are capitalised in the balance sheet and are depreciated over their estimated useful lives.

The interest element of these obligations is charged to the profit and loss account at a constant rate based on the outstanding capital sum. The capital element of the future payments are treated as a liability.

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the life of the lease.

**Government grants**

Revenue grants to assist general activities are recognised in the profit and loss account in the period in which they are received.
