**NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 30 MARCH 2013**

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared on the basis that the company will continue to be a going concern. If this assumption is not considered valid, then adjustments would need to be made to reduce the value of assets to their recoverable amount, to provide for any further liabilities that might arise and to reclassify fixed assets and long term liabilities as current assets and liabilities.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents sales of services net of VAT. Turnover is recognised at the point the customer is entitled to consideration.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Fixtures and fittings	- 25% on reducing balance
Computer equipment	- 33% on cost

Deferred tax

Deferred taxation is provided in full on timing differences which represent a liability at the balance sheet date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in financial statements. Deferred tax is not provided on timing differences arising from the revaluation of fixed assets where there is no commitment to sell the asset. Deferred tax assets and liabilities are not discounted.
