#### NOTES TO THE ABBREVIATED ACCOUNTS

#### FOR THE YEAR ENDED 30 JUNE 2014

#### 1 Accounting policies

#### 1.1 Accounting convention

The financial statements are prepared under the historical cost convention modified to include the revaluation of investment properties and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

#### 1.2 Turnover

Turnover represents amounts receivable for rents derived only from letting of furnished properties. Rental income is recognised on a time apportionment basis.

#### 1.3 Tangible fixed assets and depreciation

Tangible fixed assets other than investment properties are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less the estimated residual value of each asset over its expected useful life, as follows:

Computer equipment 33% per annum straight line Fixtures, fittings & equipment 20% per annum straight line

Investment properties are included in the balance sheet at their open market value, as valued by the director of the company at 30 June 2014, and are not depreciated. Although this accounting policy is in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008), it is a departure from the general requirement of the Companies Act 2006 for all tangible fixed assets to be depreciated. In the opinion of the directors compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount of this, which might otherwise have been charged cannot be separately identified or quantified.

#### 1.4 Deferred taxation

Deferred taxation is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes.

No provision has been made for deferred tax on gains recognised on revaluing properties to their market values as the company does not intend to sell the revalued assets.
